Subject: RE: CMS Inactivity Notification - In Box Item(s)

At this time, I can't access CMS. I've asked Julianne McCloud who assigns the CMS to send it to a manager, but she says that she can't. I've left a voice mail for Keith Livingstone for assistance. I changed my Lotus notes password last Friday and it works for access to Notes, but not as a password for CMS.

Our IT people here can't find a reason why it won't work either.
